## **North Coast Small Business Development Center**

A program of the  
North Coast Small Business Resource  
Center, Inc.

The North Coast Small Business Development Center (NCSBDC) is a non-profit 501 (c)(3) corporation organized to serve Humboldt and Del Norte County Businesses. The purpose of the NCSBDC is to assist and counsel people who own, or are starting a small business.

Education about business start-up, planning and financial management are offered free in workshops and one-on-one counseling sessions. The NCSBDC also offers low cost, comprehensive workshops on writing business and financial plans, creating loan applications, developing a company website, exporting, procurement, and other topics.

The NCSBDC is a member of the Prosperity! Network which promotes economic vitality on the North Coast.

Business information, referral and assistance services are offered through the NCSBDC by BizNet, a new economic development program created and funded by Prosperity! Network partners. BizNet also advocates for small business and tracks barriers to business growth in order to promote changes in policies and practices in local government and economic development organizations.

The NCSBDC has established the Frances K. Clark Memorial Business Resource Library in Eureka. In addition to books, manuals, brochures and video tapes on business development topics, the library contains video players and a computer with high speed internet access for use by clients.
